

VETRITE®
gem glass

SICIS presents Vetríte Gem Glass

An attractive and prestigious collection in glass and polymers for interiors and hôtellerie

SICIS®

Vetrite Gem Glass collection amplifies designing with SICIS possibilities

Mosaic

The collection takes inspiration from natural gemstones. Joining the mosaic and furnishings, Vetrite Gem Glass adds a new category to the brand's ever evolving universe. Vetrite Gem Glass is full of SICIS' bold audacity and authenticity, perfectly representing its **artistic, eclectic and innovative** spirit.

Launch concept

Private house in London

Anne F.,
Interior Decorator

Architects and Interior Designers from different countries **narrate 13 individual projects** from their personal perspective. A passionate collection of short stories in which the tales of the designers visually demonstrate their **reasons why they've chosen Gem Glass** for their projects whether private residences, showrooms, hotels, restaurants and clubs, Vetrite's uses are immeasurable.

Eclectic house in Bruxelles

Marianne O.,
Architect

Luxury hotel in Zurich

Albert M.,
Architect

Arthur J.
and Gary O.
Architects

Art hotel in Tokyo

Private house in New York

Garey J.,
Architect

Private house in Dubai

Jian X.,
Interior Decorator

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it's a **very decorative and spectacular** material that perfectly combines with SICIS furnishings

I've chosen Gem Glass...

Because it comes in an extended **variety of decorative patterns** (38 colours and 4 finishes) that easily allow creative customisation

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it **perfectly combines with SICIS mosaic**, creating original and artistic works of art

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it can be **backlit**
(opalescent finishing) with
SICIS Led Panel system

FIND OUT MORE ABOUT
THE INSTALLATION OF
SICIS LED PANEL SYSTEM

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it is also available in **curved slabs**, single or two-sided, making sinuous flowing walls

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because the Gem Glass slabs can be curved

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it is kaleidoscopic
in **bookmatched** installations

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it can be **easily cleaned and sanitized** thanks to its perfectly smooth and non absorbent surface.

Anti Bacterial treatment can be applied, making it the best product for High Touch areas such as spas, bathrooms and kitchens

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because its properties can be modified depending on the application. Gem Glass contains borosilicate glass which can resist to **thermal shock** and can be used for **kitchen tops**

I've chosen Gem Glass...

VETRITE®
gem glass

Because it's **versatile**: it can be cut, drilled, moulded and can be manufactured to create skirtings, working tops, tables, lamps and other architectural elements that the project's require

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because the slabs can be cut in varying shapes and sizes to create original unlimited patterns

I've chosen Gem Glass...

VETRITE[®]
gem glass

Because it is also ideal for **swimming pools** and humid environments such as bathrooms and spas

With Vetríte Gem Glass, SICIS can stand out and astonish by creating a personal living style made of comfortable environments, full of artistic and scenographic features. The opalescent finishing and SICIS Led Panel system play an essential role in this because they offer architects a system that makes projects spectacular. The backlighting is a plus that large porcelain stoneware or marble slabs do not have.

Architects and interior designers from different countries are entrusted with the task of explaining the performances of Vetríte Gem Glass through the narration of thirteen projects*.
